COUNCIL MEETING

Mayor Appoints Committee Of Six

In a peace-time move designed to dovetail with national defense, should need ever arise, Mayor John J. Fahey at Monday evening's council meeting appointed a "disaster preparedness committee" of six members.

Named to the local emergency corps were Water Superintendent Arthur J. Bodien, Health Officer Fred Collins, Police Chief James G. Reardon, Fire Chief Andrew P. Chesney and one member each from Daly City Post No. 410, American Legion, and Old Glory Post No. 2044, Veterans of Foreign Wars of the United States. Each of the last two named organizations will choose their own representative.

The committee will meet as a whole in the near future to select a chairman and to discuss plans for the organization of the city in case of disaster.

L. C. Smith, San Mateo contractor, was awarded the contract for completion of work at the Acton street park at a cost of $928. Specifications call for paving of the play surface with the exception of areas directly under the apparatus, which will be covered with white sand or tanbark. Also included is the erection of a concrete retaining wall and wire fence around three sides of the park.

After intensive study of fire apparatus, all bids for the new fire truck were thrown out. It is expected that another set of specifications will be set up soon and new bids invited.

Name James Brady Recreation Director

James Brady, popular Daly City WPA Recreation leader, has been named director of the new Recreation unit which was organized Monday afternoon in Millbrae.

This announcement was made today by Bruce H. Boynton, Daly City Recreation director and assistant county supervisor. Boynton, who is in charge of the entire Northern half of San Mateo county, including Daly City, South San Francisco, San Bruno and Burlingame, opened the new center in Millbrae on Monday.

Headquarters of the unit will be in the new Millbrae school. The department is under the sponsorship of the Millbrae school board.

Brady is well known in Daly City, where he has served as sports supervisor at Jefferson Union high school since October 2, 1939.

Will It Or Won't It?

Will it or won't it?

The weather, we mean. Is it going to rain the night of Hallowe'en or isn't it?

If it does, it will be the first time in 25 years, according to Police Lieutenant Barney Hilton and Fire Chief Andrew P. Chesney.

"Every Hallowe'en for the past 24 years I have prayed for it to rain," Lieutenant Hilton said today. "And every year it hasn't. Year before last it sprinkled a little. But it cleared up again."

So although skies look cloudy, the chances are that you'll have to wash the soap off your windows yourself.

D. C. Girl Rallies After Transfusions

A fifteen-year-old Daly City girl, suffering from acute anemia which threatened her life, was rallying at Community hospital today after four successful blood transfusions last week.

Virginia Christiansen, daughter of Mr. and Mrs. John Christiansen, 199 Frankfort street, showed definite improvement today. X-rays will be taken within the next few days to discover the exact cause of her malady.

Donors of blood for the transfusion were her mother, who was called twice; Neil Arthur Nelson, engineer at Jefferson Union high school, and Maurice Bogart, 109 Flournoy street.

A sophomore at Star of the Sea academy in San Francisco, Miss Christiansen was awarded the American Legion medal when she graduated from St. Boniface two years ago. She has many friends in Daly City, who join in wishing her a quick recovery.

Poundmaster Says "It's A Wild Life"

Archie Banfield, Daly City poundmaster, has more trouble than a barrel of monkeys. First it's cats, and then it's dogs, and now it's a pet coon.

A hasty call to Daly City police from an Irvington street housewife last week revealed that she had heard a queer scratching on her roof, caused by a pet coon which had escaped from a neighbor. He was recaptured a short time later.

Cab Driver Breaks Knee-Cap In Fall

Ed Kenier, Daly City Cab driver, is recuperating at the Villa sanitarium from a severe fall in which he broke his knee-cap early Sunday morning.

The accident occurred when Kenier slipped as he attempted to step into a parked cab on Hillcrest drive. He collapsed shortly afterward in the Signal Coffee Shop and was taken to the hospital.

Name Mrs. Page Roll-Call Chairman

Mrs. Clarence E. Page, 532 San Diego avenue, has been named roll-call chairman in Daly City for the national Red Cross membership drive starting November 11.

Miss Helen Percy Chesebrough, vice-chairman of the San Mateo chapter and roll-call chairman for the county, pointed out today that this year's need is greater than ever before. She urged all citizens to support the drive for humanitarian aid for war and disaster victims.

Local workers will be announced next week, according to Mrs. Page. She cited the fine record that Daly City has made in this drive in past years and urged that such cooperation be continued.

Nope, He Didn't Run Into A Door

Tom Trustee, service station attendant, may not have run into a closet door in the dark last week—but he did hit himself in the chin with a screw-driver.

"Screwy" as the story sounds, it was vouched for today by Junipero Serra hospital attaches who took several stitches in Trustee's chin. The accident occurred while he was working on a car at Alemany and Junipero Serra boulevard, according to reports.

Youngster Hurt Playing Football

Daly City's first football casualty resulted from a practise scrimmage between several small boys on Friday afternoon.

Sidney Pate, 47 Westlake avenue, was taken to a San Francisco hospital following injuries incurred on the field, it was reported. Treated for a broken collar bone, he was put into a plaster cast and released from the hospital, Sunday.

Sidney is a student of Woodrow Wilson school.

DRAFT HITS HOME

National Drawing Staged In Washington

"I'm losing a good son, but you're getting a fine soldier!" So spoke Mrs. Mildred C. Bell at high noon yesterday in Washington D. C. where her son's serial number of 158 was the first number drawn in the national draft.

And such are the sentiments of hundreds of mothers throughout the nation today as the national lottery shows the order in which men will be called to the colors for a year's military training.

In Daly City the No. 1 man—holder of No. 158, first number drawn from the historic glass bowl—is Harold Wilson, 844 Westlake avenue.

Out of the first twenty numbers drawn, only three were low enough to be Daly City numbers. No 2 man, holder of serial number 192, the second drawn in Washington, is Harold Leepin, 308 Parkview avenue. Number 105 gives Robert James Farley, 56 Miriam street, third place in line.

Other numbers will be announced at once and questionnaires sent out at the rate of twenty or thirty a day, according to Robert T. Short, clerk of the local draft board. Questionnaires must be answered within five days.

On the basis of the questionnaires, men will be placed in one of the deferred classes or listed as a possibility for Class 1-A, from which recruits will be called for service at once. This class includes men who are single, without dependents, physically fit and not "key" men in their occupations. Official doctor for this district is Dr. Edwin L. Bartlett, 818 Miller avenue, South San Francisco.

It is expected that 30,000 men throughout the United States will be called for military service on November 18, and by next June 15, 800,000 conscripts will be in uniform.

Shhh! Tomorrow Night Is Hallowe'en

The old witch who rides on a broomstick will see lots of fun going on as she looks down over Daly City tomorrow evening.

Numerous Hallowe'en parties have been planned by civic groups and private citizens throughout the city. Although the public street dance has been cancelled, smaller groups will gather to celebrate.

Cooperating with the city and with the local WPA Recreation department, Crocker and General Pershing PTA units and the Women's Civic club have helped make final plans for two children's parties, one at the General Pershing school and one in the vicinity of the recreation offices, 101 Parkview avenue.

Local fire and police departments have promised their aid to see that all goes well on Hallowe'en.

How's This For Coincidence?

Add this to your tale of draft coincidences.

William Arlington Beecher, who lives at 333 Westlake avenue, drew the serial number 555.

Now Beecher is waiting to learn if he rated another triple number in the national lottery.

War News Tragic For Mrs. Torkington

Europe's current war situation leaves no one untouched in its wake. To Daly City last week came tragic news for one local resident, Mrs. Lee F. Torkington, 171 Los Banos avenue.

Friday, Mrs. Torkington received a cablegram from England with word that her mother and a sister had lost their lives in one of the recent bombings of London.

All of Daly City extends its sincere sympathy to Mrs. Torkington in her great sorrow.

Parish Festival Draws Huge Crowd

Overflowing Colombo hall in Colma, a record crowd Saturday evening assured the success of the fair and entertainment given for the benefit of Holy Angels church.

Prize winners included B. Avanzino, Mrs. D. Caserza, A. Fields and Mrs. F. Belli. Proceeds will be used to start a building fund for a new church.

Reverend Father James Sorasio and the various committees today expressed their sincere appreciation to all those who helped with the festival and those who attended. The entertainment, games, booths and dancing made the evening an unqualified success in every way, according to Father Sorasio.

Citizens Club Observes Birthday

Patriotic songs, speeches by leading civic leaders, an elaborate banquet and dancing—these were only a few of the highlights of the Italian American Citizens club's seventh anniversary celebration, Saturday evening, at Little Italy hall.

Lining the three long tables on both sides were more than one hundred members and guests. With Joe DiBiase, president, and

Inaugurate Ceramics Classes For Women

Have you a platter large enough to hold your Thanksgiving turkey?

If you haven't, you can make one, just the size and color you want.

It's easy, inexpensive and lots of fun, says Miss Jehan Dorn, expert ceramics instructor, who is inaugurating a new class for housewives tomorrow morning at the local high school.

Sponsored by the local WPA Recreation department, the classes will meet from 9:45 a. m. to 11:45 a. m. every Thursday morning. Small novelty articles, dishes, flower pots and gifts are among the attractive articles produced.

There is no charge for instruction and all local women are cordially invited to learn this fascinating hobby. Miss Dorn also gives instruction in metal work, leather work, soap carving and various other crafts.

Police Aid Amnesia Victim

Wandering about San Francisco for two days as an amnesia victim, Mrs. Letitia DeCarlo, 1436 Bayshore boulevard, was returned to her home Monday evening by Daly City police.

Mrs. DeCarlo told residents at 364 Miriam street that she had just moved to Daly City and was unable to find her home.

Sergeant W. W. Sunderland and Officer Joe Kusber brought her to police headquarters, where an intensive check revealed that she was the wife of Tony DeCarlo of San Francisco and had been missing from her home for two days.

JEFFERSON INDIANS SCORE 13-6 VICTORY

Jefferson Indians really went on the war-path, Friday, as they took the Sequoia Cherokees for a good scalping, in a 13-6 victory, at Redwood City.

Jefferson won its first game of the season and was the surprise of the PAL games, Friday. The local eleven were superior throughout the game in both running plays and passes. They proved to be just a little too much for the baffled Cherokees.

Both Sequoia and Jefferson were in a deadlock in the last few minutes of the game, when Les De Martini received a lateral, passed 10 yards to Bob Dyer who went over for the winning margin. Herb Poddig booted the extra point.

Dick Rupert, who scored the other Jeff touchdown on a 6 yard run, and John Razzari were the other Jeff stars.

The line-up was:

Ends—Dyer, Poddig; tackles—Faulk, Capps; guards—Cacciapaglia, Schauer; center—Rigler, R. H. Razzari; L. H.—Rainey, Q. B.—Rupert, F. B.—Lekoff.

Jefferson's next P. A. L. game will be played Friday with Burlingame at Burlingame.

Alumni Teams Clash At Jeff Gym

Alumni teams of St. Joseph's of Alameda and St. James of San Francisco met in a tricky, fast-passing practise basketball game in the Jefferson gymnasium Friday evening. Final score: 28-26 in favor of San Francisco.

Supervising the game, a nip-and-tuck one to the finish, was the local WPA Recreation department.

U. S. Army Air Corps Has Openings For 640

The U. S. Army Air corps is really growing up according to Colonel G. T. Perkins, who is in command of the Northern California Recruiting district.

A requisition for three year enlistment of 640 more men for service in the air corps was received today the colonel stated, explaining that only unmarried men between the ages of 18 and 35 with a high school education or its equivalent, or, with a journeyman's rating in a mechanical trade would be considered eligible for enlistment in the air service.

The requisition calls for 400 men for G. H. Q., Air Corps detachment at Hamilton field, 200 for G. H. Q., Air Corps detachment at McChord field, and 40 for Observation Squadrons at Hamilton field.

"Young men interested in air service should call at their local recruiting station without delay as this may well be the opportunity of a lifetime," Colonel Perkins emphasized.

Rain Hard On "Mums"—

San Mateo county chrysanthemum growers suffered "nearly prohibitive" losses as a result of last week's rainfall, County Agricultural Commissioner Max J. Leonard said today.

Leonard pointed out that the "mums" grown especially large for shipment by the thousands to New Orleans for the All-Saints Day celebration there, today, had been badly hit by the downpour. Most other county crops will benefit from the moisture, he added.

"Need A Shave?"

Icy surface of the new Winterland rink at Post and Steiner streets is "shaved" three times daily for public skating.

After each "shave" a new surface is made by special sprinkling.

The thrice-daily attention to the skating surface is necessary because of the sharp cutting edges of skates. An ice-keeper, whose duties are similar to those of the golf links greenskeeper, is in charge of the resurfacing.

Two More Groups Indorse Dan Dolan

Two more important San Mateo county organizations this week gave their support to the candidacy of Daniel A. Dolan, Daly City candidate for the office of county supervisor.

COUNCIL of ITALIAN CLUBS
of SAN MATEO COUNTY
Redwood City, California

Mr. Daniel A. Dolan

Dear Sir:

This is to advise you that at a regular meeting by this organization held on Thursday, October 17, 1940, unanimous endorsement was given to your candidacy as Supervisor from the First District of San Mateo county.

We will do all we can towards your election.

Joe De Biase,
President.
C. S. Grandi,
Secretary.

LAFAYETTE CLUB OF SAN MATEO COUNTY
Incorporated

Mr. Daniel A. Dolan

Dear Sir:

I am very pleased to inform you that the Lafayette Club of San Mateo county has endorsed you as the candidate for Supervisor for the First District.

Yours truly,
Georges Bos, Secretary.

Hickey Supporters Urge His Election

If outstanding accomplishment counts for anything in this community, former Supervisor Thomas L. Hickey will be re-elected with an overwhelming majority, say his supporters.

It would be extremely difficult to find another man of such remarkable honesty and integrity in the first township of San Mateo county as is personified in Thomas L. Hickey, they pointed out.

For many years, Tom served this district well. His whole heart and soul was wrapped up in his work and there never was or ever will be a single matter of township interest without Supervisor Hickey giving it his all.

Friends of former Supervisor Hickey recalled that he was the father of our Community hospital and instead of wasting money on expensive bond issues, he insisted that it be paid for, demanding new bids on the $700,000 structure, thereby reducing the cost about $100,000. He always insisted on local industry getting the preference. When the construction of Junipero Serra boulevard was planned, he succeeded in getting the City and County of San Francisco to put up $1,190,000 of the total cost of $2,100,000.

Mountain-Climbers Rest

Years ago Dr. Valentine T. McGillycuddy, Berkeley, Calif., was the first man to climb Harney peak in South Dakota's Black Hills. Now deceased, his ashes will rest on the summit at his own request.

Origin of 'Adirondacks'

"Open Door Policy"

This week's Record carries political news on pages 4 and 5. As before, The Record recommends that citizens consider ALL candidates and BOTH sides of each proposition before voting. Stories on these two pages cover only a few of the propositions and candidates.

The Record feels that every issue and every candidate should be heard.

Wild Duck Increases

The number of wild ducks in continental North America was increased by nearly 2,500,000 during the past year through the efforts of American sportsmen.

MORE ABOUT PROPOSITION 9

California's deep sea fishing fleet, which travels hundreds of miles into the Pacific, has volunteered to act as eyes for the navy in case of any emergency—reporting by radio mysterious craft in the waters.

This announcement was made yesterday by officials of the California Marine Development council as they cited the many defense possibilities of the American-owned fishing fleet.

But, as they stressed these defense possibilities, they pointed out that California faces the possible loss of this valuable defense auxiliary unless Proposition Number 9 is sustained by the voters at the November 5 election.

A "Yes" vote on Proposition Number 9 will eliminate these special local taxes, charged only against the fishing boats

Official Says Labor For Willkie

"Labor is for Willkie."

Edward L. Nolan, former State Labor commissioner, former president of the San Francisco Building Trades council, and an official of the National Bricklayers union, made that statement today as he prepared to make a swing through San Mateo county organizing Labor Clubs for Willkie.

Returning to the Bay area after a tour of the northern California counties in which he organized many Labor Clubs for Willkie, Nolan said, "National labor leaders fear the possibility of conscription of labor under conditions which will tear down all of the gains labor has made, and the thinking class of labor is against this administration because of that danger."

Pointing to the fact that international labor leaders had publicly indorsed the candidacy of Wendell L. Willkie, Nolan pointed out that resolutions passed by labor organizations would have little or no bearings on the election Tuesday, November 5. "When the thinking labor man gets into the ballot booth, resolutions mean little or nothing. He has the right to vote the way he thinks best, and that is the way you will find labor will vote.

"The thinking labor man knows that you cannot strike against the government. If the government should seize industry, then the right of collective bargaining will cease to exist. Without the right to strike, unions will have no value," Nolan pointed out.

When the roof of a home is renewed, the matter of weight of the material selected must be studied carefully. If the old roof is of wood shingles, it is often possible to cover it without removing the old shingles, but if a heavy material, such as slate, is used, the frame must be checked to see if it will safely carry the added weight.

for Service in the PUBLIC DEFENSE!

SAN MATEO COUNTY'S rapid growth in population is causing a veritable "flood" of ideas for new and added county services, improvements and facilities. Many of these are desirable and necessary; others are prompted by mere enthusiasm.

While we can be proud of the percentage of gain in population, the percentage of GAIN IN GOVERNMENTAL SPENDING is something else!!
It is not HOW MUCH CAN WE SPEND, but HOW BEST CAN IT BE INVESTED that should be considered by our county supervisors.

COUNTY AMENDMENTS

Four propositions will be listed on Tuesday's ballot to be voted on as amendments to the San Mateo County charter. Three of the amendments deal with the county executive's office; the fourth with civil service.

At recent elections the people of San Mateo county have voted down propositions to abolish or change the elective status of the county executive. The Record recommends that the office of county executive remain as an elective office, and that the people again vote **NO** on propositions Numbers 1, 2, and 3.

Proposition Number 4 is an enabling amendment whereby the Board of Supervisors may, by ordinance, adopt limited civil service systems for any or all county officers and employees, except elective officers.

Civil service is a far reaching regulation which may affect the pay rolls and jobs of many county employees. It is a serious business. Instead of a brief blanket enabling amendment which may or may not put civil service into effect, a more detailed plan should be adopted. Until such a plan is proposed to the voters of this county it is unwise to vote yes on a civil service issue

THE RECORD RECOMMENDS DOLAN

When Daly City voters go to the polls next Tuesday there will appear on the ballot two candidates for supervisor to represent the First Township. Dan A. Dolan, successful young local business man is one of the candidates.

This newspaper recommends a vote for Dolan because:

1. Dolan is a local man. He understands the problems and opportunities of this community and can give Daly City interests good representation at Redwood City.

2. Dolan has succeeded in business and can carry his business experience and prestige into the county office.

3. Dolan is young and energetic. He will carry into the office of supervisor enthusiasm for the development of Daly City and the entire county.

LET THERE BE NO "BLACKOUT" HERE

Tuesday, November 5, is more than just another election day. It is a solemn pledge that these United States believe in democracy.

It will take more than battleships and armaments to keep the madmen of a war-mad Europe from wiping out civilization as we know it: It will take faith in our democratic way of life—a faith not of lip-service but of action.

We believe in government of the people, by the people, for the people. If our belief is honest and deep, none of us will fail to go to the polls next Tuesday.

The power to vote is no God-given right. It is a privilege—a privilege which has been wrested from autocratic rulers down through the centuries, since King John in 1215 was forced to sign the Magna Charta. In America today we have entire freedom to exercise our great privilege. With that complete freedom goes a great responsibility—the duty to exercise the privilege of voting with care and wisdom.

LET'S ANSWER THIS ROLL-CALL

The American Red Cross begins its annual Roll Call this year on November 11.

All of us should support, to the best of our ability, this organization which extends mercy to the victims of a merciless war. In a world characterized by man's inhumanity to man, let us give as generously as we can to a service which stands, uniquely in this hour, for Christian compassion.

GIRL SCOUT WEEK

In the midst of international intrigue, national and local political wrangling, the quiet voice of an organization which has honestly, painstakingly worked for good citizenship and democratic service is heard.

This is Girl Scout Week throughout the nation. This great non-political, non-sectarian organization for girls serves our nation better than its unassuming demeanor ever would indicate.

As Robert Gordon Sproul, president of the University of California, said in an address on education, "The citizens of a democracy are the architects of their own fate."

Girl Scouting is building and inspiring "architects" in citizenship seven days a week. We should give them our whole-hearted support.

Bayshore "Freeway"—

San Mateo county was given a renewed pledge last week that state funds will be provided for the Bayshore highway 10-lane "freeway" project south of San Francisco.

Chairman Lawrence Barrett of the State highway commission, at a meeting in Sacramento, reiterated his promise of last July that funds for the multi-million dollar project would be provided in the next biennial budget.

Lake George Discovery

Lake George was discovered in 1646 by Father Isaac Jogues, known as the French ambassador of peace to the Indians. A statue of the priest and explorer has recently been unveiled on the shores of the lake.

Long-Run Plays

"Three Faces West" Opens Tomorrow At D. C. Theatre

Stark realism is brought to the screen in the gripping drama "Three Faces West," which opens tomorrow at the Daly City theatre. It depicts a present-day community in the Middle West, where there is no doctor to combat the poverty and disease of a desolate people.

There are many such communities in the United States today which, because of poor housing conditions, lack of modern conveniences and the general apathy of its people towards economic progress, have not attracted the medical man to its fold.

Such a community was Ashville Forks, and only an epidemic served to arouse the settlers to send out an SOS, with the inducement of a free home to any doctor who would come there to live.

Brave idealist, Dr. Karl Braun, a Viennese refugee, magnificently portrayed by Charles Coburn, comes, and with his modern, scientific methods stifles the epidemic, and in some degree brings order and cleanliness into their midst.

Sigrid Gurie, as Dr. Braun's daughter, Leni, who rebels at first against having to live in the desolate dust-ridden town and finally finds a deeper meaning to life in service to humanity, plays one of the strongest and best roles of her motion picture career.

Leader of the dust bowl farmers, John Wayne tries to reconcile Leni to the hardships she must face, shows her how to filter their drinking water through three towels before boiling it, and ends up by falling in love with her.

Companion feature will be "Young People," with Shirley Temple, Jack Oakie, and Charlotte Greenwood. "Service With The Colors," an added featurette, will also be shown.

"THREE FACES WEST"

Sigrid Gurie, John Wayne, and Charles Coburn in a scene from the new Daly City theatre picture, "Three Faces West," opening tomorrow.

Parish Plans Thanksgiving Whist

St. Michael's parish will sponsor its annual benefit Thanksgiving whist party Tuesday evening, November 12, it was announced today.

Because of the huge crowds which have overflowed the parish hall at 32 Broad street on previous years, this year's event will be staged at the YMI hall at 50 Oak street, San Francisco.

Playing will begin promptly at 8:30 p. m., with turkeys and many other attractive gifts as prizes. Mrs. T. Foley, chairman, cordially invites the public to attend.

Depth Bomb Invention

The depth bomb, terror of submarines, was invented in 1903 by W. T. Unge, of Sweden.

Miss Margaret Steele Secures Position

Miss Margaret Steele, well-known figure in Daly City's younger group, has secured a long-term substitute position in a San Francisco junior high school, it was learned today.

A home economics major, Miss Steele graduated this spring from San Jose State college. She is the daughter of Mr. and Mrs. John Steele, 475 Winchester street.

Eastern Star To Elect Officers

Crocker Chapter No. 382, Order of the Eastern Star, will precede the serious business of electing new officers with a pot-luck dinner on Monday evening.

The dinner is scheduled for 6:30 p. m., with the stated meeting and annual election of officers following at Masonic temple. The committee in charge includes Elsie Robertson, Jeanette Raisner, Thelma Fitzgerald, Mary Justin, Sophia Root and Inez Shreve.

De Soto Dealer Describes New Improvements

Fluid Drive, Rocket bodies, more room, increased window space, two-tone fashioning in both upholstery and appointments in custom models, racy, road-worthy appearance, vital mechanical improvements: these are only a few of the enthusiastic descriptive phrases James E. Donahue, Daly City De Soto-Plymouth dealer uses in telling about the new 1941 De Soto automobile.

"Our enthusiasm knows no bounds," Donahue declares, "and we feel it fully justified by the wholehearted acclaim the public is according this greatest-of-all De Sotos.

Imagine starting a car in high gear and, without harming the car in any way, never having to shift gears all day long, even when climbing hills or in heavy city traffic. Fluid Drive, optional in all new De Soto models, enables the driver to do just that," he continued. "And imagine being safe in driving a car at 50 miles an hour with a flat tire. The Safety rim, perfected by De Soto engineers, prevents a punctured tire from being thrown off the rim and will eliminate the cause of many serious accidents.

"With its long list of vital improvements, both mechanical and in design," Donahue concluded, "we are looking forward to a deservedly increased number of De Sotos traveling along the highways this year."

Troop 148 Scouts Go Treasure Hunting

Boy Scout Troop No. 148 went on a "treasure hunt" last night, beginning at the No. 5 firehouse and following "clues" until they reached the home of their scoutmaster, Mel Hansen, 401 San Diego avenue.

There the troop enjoyed a hilarious Hallowe'en party, with games and refreshments for everybody. All the scouts were in costume and after the festivities voted it one of the most successful events of the year.

The Tuna Fish Loaf That Tastes Like Chicken

by Dorothy Greig

THE last time we had tuna fish loaf one of the guests remarked "this is certainly a delicious chicken loaf"—which made me smile a little.

It does have a through-and-through chicken flavor though, thanks to a can of condensed chicken soup which is blended right into the loaf mixture. The

double rich chicken stock with its tender diced chicken meat add all that flavor.

Another thing—the loaf is good served either hot or cold, and it slices neatly. Also, chilled and sliced thin, it makes a good substantial filling for sandwiches. Or cut into cubes it can be used for a main dish salad. This is how to make it:

1 can condensed chicken soup
1 can tuna fish (7 oz. size)
1½ cups soft bread crumbs
1 tablespoon pimiento, chopped
1 tablespoon parsley, chopped
2 eggs

Strain the rice, celery and chicken from the chicken soup. Combine them with the tuna fish (which has been put into a strainer and 1 cup of hot water poured over it) and put all through the food chopper. Then mix with the soft bread crumbs, the chicken soup, chopped pimiento, parsley and eggs. Put into a buttered loaf pan and bake in a moderate oven (350°) 45-60 minutes or until firm. Serves 4-5.

And, by the way, mama, I hope you've been listening. THIS IS IMPORTANT.

Red Cross Roll Call To Start November 11

Stating that "the Red Cross is a mirror in which can be reflected the character and the caliber of our civilization," James T. Nicholson, assistant to the chairman of the American Red Cross and national director of the Junior Red Cross, addressed a gathering of 250 members at the regional conference of the Pacific area at the Marin Golf and Country club, San Rafael, last Monday.

The Annual Red Cross Roll Call starts November 11, Nicholson pointed out. "This year the activities of the Red Cross are threefold: we must fulfill our daily responsibilities, as well as those with which we are confronted because of world chaos, and we must be prepared to assume the obligations toward the defense measures in our country given us under Congressional Charter."

"Nicholson emphasized the fact that there never has been any distribution of Red Cross supplies in Europe except under the direct supervision and inspection of the Red Cross, and that since the beginning of the blockade no shipments have gone through to the European countries. He declared, however, that 10,000 tons of Red Cross supplies have gone to England since the beginning of this year, and aid will be continued to that country commensurate with their need.

Nicholson was introduced by A. L. Schafer, manager of the Pacific Area, American Red Cross, who stated that "the Red Cross is prepared to keep in step with the National Defense program, supplementing army and navy social service, recreational and nursing needs."

Jefferson School

Eighth Grade Handball

Several teams of handball have daily workouts on the Jefferson handball courts. Games are played between 8 and 9 a. m., during recess, physical education period, noon, and after school.

The teams are lined up as follows:

F Delfino	L Wilmot
R Stumpf	D Bonfantini
W McCahon	R Chelone
R Adreveno	E Ferrando
D Bortis	N Funai

Champions will be announced later.

Fifth Grade

From the study of "Colonial Life in America" the fifth grade at the Jefferson school is gaining an appreciation and understanding of the struggles that our forefathers underwent to create a home in a land from oppression. In this unit of work, the children are learning how the first colonists lived.

This week John Eberle and Robert Lazzarini are making a set of colored lantern slides showing the wool spinning wheel, the flax spinning wheel, and the wool carding process. Soon the children will give talks explaining the slides that they have made. They plan to invite their mothers to the program.

The study of "Colonial Life" instills in the children an appreciation for the liberties and conforts that are enjoyed in this country.

Kindergarten

Holiday seasons are giving boys and girls in the kindergarten an added incentive to learn new songs. Nothing seems to please the children more than to be able to go home and sing a new song or recite a new rhyme to an interested mother and daddy.

Rhythmic activities in the classrooms are also directed toward subjects in which the children have vital interest. The rhythmic orchestra gives the child a feeling for the rhythm in music as well as an appreciation for some of the more classical forms of musical compositions.

Seventh And Eighth

In conjunction with their social studies, seventh and eighth grade pupils of Jefferson recently enjoyed "A Wool Yarn". This was a motion picture depicting the story of wool from the time it was shorn from the sheep's back, to the moment it became a finished product and appeared as a bolt of cloth.

First Grade

Children of the first grade at Jefferson school have a new set of pictures to decorate their room. They are attractive health pictures.

Necessity for fresh air in the sleeping room, personal cleanliness, and nourishing, wholesome food are told simply in pictures that all the children can understand and enjoy.

Noncompetitive Imports

More than half the value of U. S. imports of agricultural products is in noncompetitive items like coffee, tea, cocoa, raw silk, rubber, bananas, spices.

Egyptians Cultivated Grapes

Grapes are believed to be the first fruit cultivated by man. Grape seeds at least 3,000 years old have been found in Egyptian tombs.

Woodrow Wilson Primary School News

High First, Low Second

Friday, October 18, was an exciting day for the little people in the high first and low second grades. They walked to Colma and visited a small farm, where they were able to see many of the animals, which have been the main topic of discussion for the past several weeks.

Eating their lunches at the Jefferson grammar school proved to be the highlight of the day's journey for the youngsters.

At Woodrow Wilson Elementary School

Room 9

Pupils of room 9 made their annual trip to the museum, October 18. Beautiful glassware of the Gothic period was the outstanding exhibit, and interested the children most.

The children learned that the people of the Gothic period did not color the glass as its exists today at the museum, but that the color was absorbed from the minerals in the earth.

Room 12

Barbara Lorenz visited Muir Woods and Mount Tamalpais last week-end. She and her friends stayed overnight at the Tourist club.

Jacqueline De Losa and Ray Rasmussen visited the new zoological Gardens at Fleishhacker's last weekend.

Children in Room 12 have been studying "Our City" for the past week, and have written and discussed the subject thoroughly. Poems, essays and talks were given by the students and this little poem was submitted by the class as being one of the best turned in during the week:

I love to live in Daly City,
Because our town is so pretty,
The air is pure, the water fine,
After you cross the County Line.
By Rodney Duffy.

School Paper

The new idea for the Woodrow Wilson school paper, "The Herald," has encouraged children to actively participate in speeding up sales. A touchdown in sales has been scored for the high eighth grade room with several other rooms following in respective order, fifth grade, sixth grade and seventh grade. An attractive football chart is posted in the hall, tabulating the sale of room "Heralds."

Bethel No. 68 Select Daly City For New Home

Before a large gathering of friends, Bethel No. 68, Order of Job's Daughters, took up official residence in its new home, Daly City's Masonic temple, last Wednesday evening.

In search of a new home, the members of Bethel No. 68 reported that they were attracted to Daly City because a large part of their present membership resides in Daly City and vicinity, and many young people in this vicinity had expressed a desire for a bethel. The beauty of the modern Masonic temple, its central location and accessibility by bus and street car were other factors considered.

Preceding the meeting, an Italian dinner was held in the banquet hall, with approximately seventy people attending. Miss Shirley Yates was chairman in charge of arrangements for the dinner.

Highlights of the evening were: the initiation of four new members into the bethel, Misses Bonnie McKenzie and Bernice Andresen, Daly City; Earline England, San Bruno, and Irene Johnston, San Francisco.

Installed as associate guardian of Bethel No. 68, was Joseph Swan, well-known resident of Daly City. Mrs. Effie Johnstone, deputy grand guardian of the State of California officiated at the installation.

Among the distinguished visitors was Mrs. Stella Jensen, junior past supreme guardian of the order. Mrs. Jensen gave an address of welcome and expressed the hope that the girls will be vary happy and successful in their new home.

Observe National Girl Scout Week

Exhibits and parties are being held throughout the country as National Girl Scout week is observed by 617,000 members. Girl Scouts are pictured above demonstrating some of the activities which make the organization so popular. Good citizenship is exemplified by the service members are always willing to give to their home, community and country. Four other girls are busy at their work-table, learning to fashion objects of beauty. Scouting is always associated with outdoor life, and one girl is shown calling to her friends to "come out and enjoy the view." Sports

San Mateo Bearcats scratched the Jefferson little-men in a 10-19 victory Friday evening. Even though the Ten-centers put up a good stiff battle they couldn't quite make the necssary ten points to bring Jefferson to victory.

The line-up was as follows: F. Wilson, F. Christen, C. Rerecich, G. Prizborowski, G. Cavagnaro.

Other players were Knight and Bybee.

The Jeff twenties were completely outclassed in their tussle, Friday. The Bearcats put a hard claw on them as they tore out a score of 9-31.

The line-up was F. Riordan, F. Bittancourt, C. Wright, G. Harmon, G. Battigliari.

Other players were Brown, Bolger, Snow and Orner.

GPAL

Softball

Girls' softball season was officially closed last Monday, at an exciting game between clubs 2-3 and 1-4. The score came out 15 to 3 for teams 2-3.

Club 3, the winner of the all-time four game series didn't lose one game throughout the season. The following girls played for all-time champs: Mary Falbo, Lillian Lekoff, Louise Parodi, Beatrice, Putnam, Barbara McCoy, and Virginia Rivas.

Swimming

Thursday, October 24, was the last practice meet in preparation for the first color meet of the season. Girls who promise to show their stuff were: in the 25 yard free style, Betty Sheridan, in first with a timing of 17.3; Nelson, in second and Seidel, in third.

For the 50 yard free style Virginia Adams came into first place with a timing of 41.1; Dorothy Martin, second, and Pat Helegson, third.

Virginia Adams brought home 21.4 time in a 25 yard back stroke race. Close behind her came Betty Sheridan and Mary Seidel.

In the 25 yard breast stroke race all were disqualified except Helegson who came in with flying colors.

Diving champ was Dorothy Martin with a 35.7 timing. Marion Nelson, and Betty Wise came in for second and third place, respectively.

Music

Jefferson's chorus of 85 voices, under the direction of Oscar Busch, entertained the members of the Jefferson Union high school P. T. A. at their regular meeting, last Wednesday.

First number was a solo by Louise Baciocco, soprano, "Smoke Gets In Your Eyes." Louise was accompanied by Ruth Basso at the piano, and the chorus gave a lovely choral background.

Another outstanding number was "Stardust," which was led by Betty Vuchilas, Daisy Yonan, and Louise Baciocco, all sopranos. Eugene McClain played the accompaniment on the piano, and the song was given color by the choral background.

A beautiful number, "The Desert Song," was sung by a mixed quartet with a choral accompaniment. The quartet was composed of Mary Roberts, soprano; Mary Denton, alto; James Matteuci, tenor and Ernest Collinge, bass. Norman Wiseman accompanied the quartet at the piano.

For the concluding number Gloria Tooth played Rachmaninoff's prelude in C Sharp Minor, a piano solo.

Student Government

Howard Vierra, chairman of the plaque committee, brought in a report, under old business, on the ax to be purchased by the student body. The cost was too great and Vierra suggested getting a silver or bronze football player mounted on a dark brown plaque. This suggestion was put in form of a motion and carried 100 per cent. Vierra and his committee of three, John Razzari, Herb Poddig, and Bab Johnson, will inquire into the matter and bring a written amount of the cost to the next meeting.

The student body cards are being counted and the winning percentage of the classes being taken by the president and secretary. At the end of the week they hope to be able to award the pennant to the winning class.

Under new business, President Bill Rigler suggested securing a slide to run in the show to advertise the South City-Jefferson game. Rigler got in touch with William Smeltzer about the matter. Manager Smeltzer told him he wouldn't charge anything to run it, if the student body would secure the slide. The executive board thought this a grand idea and voted to pay for the slide out of the treasury.

Classes

Say! Have you heard the news? Jefferson is trying to make chefs out of four popular Jeff boys. Yep! Last week in a salad contest George De Bono, Alfred Kielwasser, Leonard Sorg, and LeRoy Passifiume competed for honors in the Salad Bowl.

Judges for the event were Coaches Albert Biggs and John Matthews and Miss Amy Behrens. All the salads were highly praised and several were picked to be sold in the cafeteria.

SCIENCE

Regular meeting of the biology classes was called to order Friday. The main point of business brought up was the annual deep-sea fishing trip. They have definitely decided to go next month and all members of the biology classes are eligible. If the biology members don't fill the boat, the rest of the student body will be eligible.

JOURNALISM

Saturday, November 2, will be a great day for the journalism class, as they attend the "College of Publications Day" at the University of California. All of the delegates will be the guests of honor at a luncheon, at the International House. Herb Caen, noted San Francisco columnist, will speak to the group.

Delegates will also be guests at the California-Oregon State game, at Memorial stadium.

Jefferson's delegates will be: John Razzari, Stan Downall, Ray Fellman, Ralph Matteucci, Norma Barker, June Core, Betty Coen, Lorriane Anderson, and Eugenia Filios. Clive Saiz, journalism instructor, will also attend the meeting.

TID-BITS

Have you noticed how the boys are going in for blue lately? Blue shirts, blue sweaters, blue slacks, in fact, the more blue the better.

Did you know that—Jefferson has quite a few actresses in its midst? Gloria Fontana, Gloria Pinnochi, Doris Delgliantoni, Claudia Bertini, Maxine Clark and Alice Yorkman all participated in the play at the Colma church, Saturday evening.

Campus Fashions

Girls Attention!

Here are some of the latest tidbits in styles hot from the New York fashion experts.

Swing skirts are on the wane and the silhouette seems to be slimming down . . . Hats are high, wide and handsome. . . Dinner frocks are masterpieces of cover-up allure in elegant fabrics, a-glitter with pailletes and bugle beading. . . . Make-up must match your new warm brown ensembles.

If your outfit is styled in either a luscious golden amber or rich coca-brown, Cinnabar should be your makeup color. Cinnabar is a new rich red make-up to harmonize with autumn colors, and has been introduced by Elizabeth Arden.

A true Campus Miss is Tesse Camenzind, and an extra large Fashion Bouquet is handed to her.

Dressed in a simple, but up-to-the-latest-trick-in-fashion outfit, she wore a black skirt, a darling thick, hand-knit sweater of flush rose, and a black scarf encircling her throat. She was indeed in step with the campus.

Her short, curly chestnut brown hair was fixed in cute little ringlets around her face.

Yes indeed, we do say an orchid bouquet to Tesse.
